CE Marked Category 2

Conforms to EN ISO 20471 for Hi Visibility

Product supplied with retail tags

Tested up to 50 washes

Fully Recyclable Product

ENVIROWEAR

A clothing revolution is changing the way garments are made and how wearers interact with brands. Envirowear has been designed to be recycled – using only mono-fibre design principles, each fabric, trim and accessory is carefully selected to ensure recyclability.

Once garments reach the end of their useful lives, they are returned for recycling. The rPet generated from this unique recycling process can be made into yarn and used in all kinds of polyester clothing and accessories.

- Hi Vis sweatshirt
- 280 gsm fleece pique fabric
- 100% polyester
- Manufactured using 100% GRS Certified polyester yarns
- Anti pill (the fabric has been treated to prevent little balls (or pills) of thread appearing on the surface of the fabric)
- Hex patterned heatseal Retro-Reflective tape for comfort and flexability.
- 2 band & brace

- Conforms to EN ISO 20471 Class 3 high visibility
