OIL RECUPERATOR

OD.8

1. **8L CAPACITY**
   Handles large volumes of fluid during vehicle maintenance supporting multiple jobs as oil changes or fluid extractions saving time and effort

2. **INDISPENSABLE TO CARRY DRAINED FLUID**
   Easy transport of used fluids preventing spills and leaks. Essential for mechanics who need to transport fluids safely supporting proper disposal

3. **IMPACT AND HYDROCARBON RESISTANT**
   Provide superior durability, safety, and reliability, making the tank a smart, long-lasting investment for fluid handling and vehicle maintenance.
