BALL POINT HEX KEY, METRIC, 8 MM

- **Professional metric hex key**
- **Made from chrome vanadium steel**
- **Corrosion-resistant black oxide finish**
- **Long arm with ball end**
- **Short arm with straight hex profile**

The TengTools 310508BL-C metric hex key 8 mm with ball point is designed for daily professional use. The key is made from durable chrome vanadium steel with a hardness of 50 HRC and features a black oxide finish that provides protection against corrosion. The long arm includes a ball point that allows work at angles up to 25°, making it easier to access fasteners in confined spaces. The short arm has a precisely shaped straight hex profile for optimal grip and torque transfer. The key is marked with the size 8 mm.

General information
