RP.2T

1/4” Bit Socket PH2

3662424114366

Product Descpription :

Discover tools that combine durability, precision, and versatility. Crafted from chrome vanadium steel with a satin finish, these tools are designed to resist corrosion and wear, ensuring long-lasting performance. Perfect for professionals and DIY enthusiasts, they also feature a 1/4 square drive for added compatibility and ease of use. Premium Material: Chrome vanadium steel provides exceptional strength and robustness. Corrosion Resistance: Satin finish protects against rust and wear, extending the life of the tools. Versatile Design: Includes a 1/4 square drive for seamless integration with various fasteners. Enhanced Longevity: Built to endure heavy use without compromising quality.

Product Features and Benefits :

- ISO 2725-1 - DIN3124 - ISO 1174-1
- Chrome vanadium steel for improved longevity and robustness
- Satin finish protects against corrosion and wear, which extends the life of the tools

Product Warranty :

FACOM - Lifetime Replacement Guarantee
