P1040

Plinth front/ rear, 100x400

This plinth allows for cabling without any restrictions. Installing cables is made easy as the plinth creates extra space underneath the enclosure.

CHARACTERISTICS	
Plinth Height	100 mm
For enclosure Width	400 mm

Item no.: P1040
EAN no.: 8713574073722

Technical data

Description: Four corner pieces with removable front covers. The side panels PA must be ordered separately. Available heights: 100 and 200 mm. Machining is required.

Material: 2.5 mm mild steel for corner pieces and 1.5 mm mild steel for covers.

Finish: RAL 7022 structured powder coating.

Pack quantity: 4 corner pieces and 2 front covers, with mounting accessories.

Features

Feature: Painted steel plinth with front and rear removable panels for mild steel wall mounted enclosures.

Advantage: The plinth is mounted underneath the enclosure to provide extra space between the installation floor and the bottom of the enclosure, this space is accessible by removing the front or rear panel.

Benefit: Installing cables into the enclosure can be done easily as the plinth creates extra space below the enclosure. The plinth allows enclosures to be fixed to the floor without the need for interior access.
