NANUK™
PROFESSIONAL PROTECTIVE CASES

NEW SIZE

962

ROBUST & COMPACT

Robust and compact, the NANUK 962 protects and transports heavy loads with minimal effort. It’s built to effortlessly glide over the most punishing terrain with two (2) sets of heavy-duty double wheels featuring stainless steel bearings. It comes standard with a retractable handle which makes it the perfect premium waterproof protective case to go anywhere.

Like all NANUK waterproof protective cases, the 962 is made of crushproof NK-7 resin certified to withstand extreme impact and continuous vibration – in other words, it’s indestructible. It’s also equipped with two (2) oversized team-carry handles as well as five (5) of our legendary Power Claw latches and will never open accidentally. Molded with deeper ribs and taller feet, it's highly stackable.

The 962 comes with our lifetime warranty, your assurance that we build cases to protect your most valuable gear for life. Additionally, a polycarbonate ID Window can be attached quickly and easily to the front or side of the case. Other options include TSA Approved Latches as a retrofit kit, TSA Approved locks, Panel Installation Kit, Cubed Foam, Padded Dividers, and Lid Organizer.

NANUK now has
33 sizes and counting
