Recyclable through approved facility

Fully Recyclable Product

A clothing revolution is changing the way garments are made and how wearers interact with brands. Envirowear has been designed to be recycled using only mono-fibre design principles, each fabric, trim and accessory is carefully selected to ensure recyclability.

Once garments reach the end of their useful lives, they are returned for recycling. The recycled polyester generated from this unique recycling process can be made into yarn and used in all kinds of polyester clothing and accessories.

- 170gsm GRS certified 100% recycled Polyester Inherent wicking eyelet knit.
- Recycled 100% polyester trims.
- UPF 50+ ultraviolet sun protection factor.
- CTF Infinitee logo - Designed To Be Recycled through Project Re:Claim.
- Retro reflective Envirowear branding.
