UNIGLOVES® NITREX

Features

- Featuring Unigloves NitreGrip Technology
- 15 gauge seamless nylon liner
- ¾ sandy nitrile coating
- Abrasion resistant
- Food approved

Benefits

- Unigloves NitreGrip Technology is a new, advanced surface treatment that provides an assured grip when working in dry, wet or oily conditions. The technology reduces the force needed to grip, reducing hand fatigue
- Light weight and ultra-comfortable seamless liner giving excellent fit and feel
- ¾ coating provides back of hand protection, resistant to oils and grease making it extremely versatile
- Sandy nitrile coating provides excellent abrasion protection along with a durable consistent coating that ensures no ingress to the inside of the glove
- Suitable for use in food areas

Sectors

- Construction & Utility
- Automotive
- Engineering and Manufacturing
- Warehousing, Transport and Logistics
- Waste Management and Local authority
