Jet™ Black

Jet™ Black is a heavy duty flock lined rubber glove, offering good chemical and mechanical protection. This natural rubber glove performs well to protect against a wide range of chemicals and cleaning agents. Chlorinated to harden the surface, it is smooth to the touch and attains a good EN388 score for abrasion, making it extremely durable. The slip resistant pattern on the palm of the glove ensures good grip in both dry and wet conditions, and it has a beaded cuff to prevent liquid rollback. Its anatomical shape and flexibility minimise hand fatigue and the soft cotton flock lining absorbs perspiration keeping the hands cool and comfortable. Contains a fungicidal and bacteriostatic agent for hygiene.

Typically used for:

- Chemical Handling
- Fishing
- Building
- Local Authority Work
- Plant Maintenance
- Agricultural Work

Case Quantity:

12 pair per polybag

48 pairs per case

CE 0197 EN388 4141 EN374-2 EN374-3 AKL

Thickness: 0.80mm
(single wall measured at palm)

Size	Code	Length
6-6.5	524	31cm
7-7.5	525	31cm
8-8.5	526	31cm
9-9.5	527	31cm
