LONG SLEEVED ARC T-SHIRT

TS254M & TS254F

PRODUCT DESCRIPTION

The new Long Sleeved Arc T-Shirt combines advanced protection with unmatched comfort. Featuring a durable round neck rib-knit collar and open cuffs with thumb hole feature for added comfort, it delivers a secure fit while maintaining freedom of movement.

Engineered for performance, this t-shirt offers excellent breathability and moisture management, ensuring you stay cool and dry throughout demanding tasks. Its generous length provides enhanced coverage, and the high-visibility fabric is designed to keep you safer in low-light environments.

With the integrated SafetyICON™ displaying ELIM rating, this t-shirt ensures you're fully informed about its protective capabilities.

MEASURING GUIDE

Measurements must be taken wearing clothing usually worn.
The tape measure should be fairly loose and not pulled too tight.

- ✓ **CHEST/BUST** - measure under the arms at the fullest part around the chest horizontally with arms by your side
- ✓ **SEAT/HIPS** - with the feet together, measure around fullest part

Once measurements are taken compare them to the fit guide measurement tables to find your Jacket and Trouser size.

Please note when using the measurement tables that all manufacturing tolerances and standard garment over-measures have been taken into account. This ensures any slight variances in manufacture or fabric shrinkage after washing will not affect the fit of the garments.
