FP80A - A machine that gives the best finish you've ever seen!

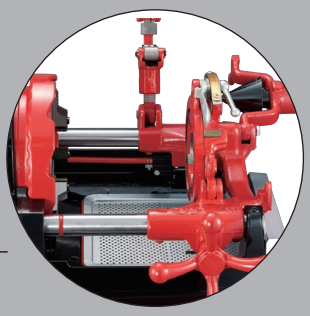

Die-cast body

Stronger than previous model and with a more luxurious touch.

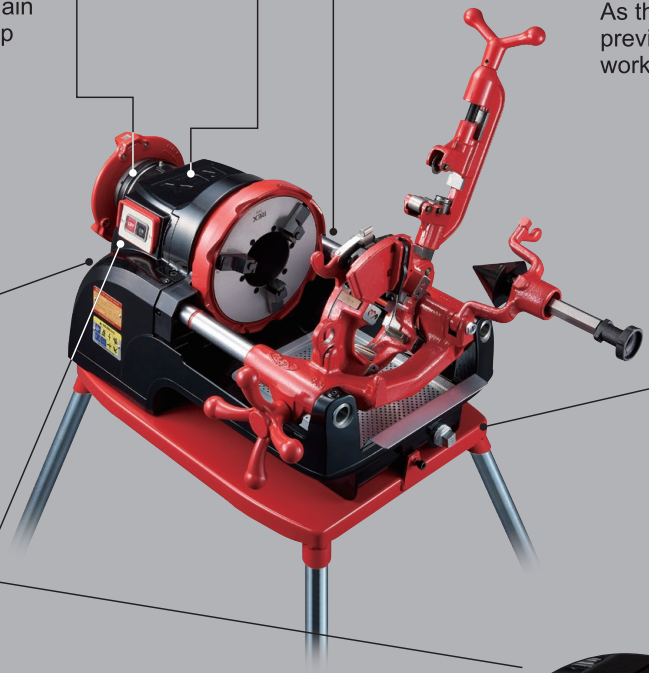

Adjust ring

Take up any slack between the main shaft and the shaft bearing to keep the pipe steady.

Wider space

As the stroke is longer than the previous model, it is easier to work with.

Carbon brushes

Open motor design allows easy carbon brush replacement from both sides.

Stand base

The machine stays safe and steady.

Cam switch (CE) & Foot switch

Improved durability and operability of the switch.

Push button switch (non-CE)

Improved durability and operability of the switch.
