Technical Data

AQUA PAINT MARKER PEN

FAST DRYING, MULTI-SURFACE, PAINT MARKER PENS

- Red
- Blue
- Black
- Yellow
- White

AMBERSIL AQUA MARKER PENS offer improved environmental benefits as well as a 'white label' formulation free from harmful solvents.

FEATURES

- Water based formulation
- Excellent coverage, even on dark surfaces
- Fast drying for efficient work flow
- Durable tip with valve action to prevent excess paint flow
- Clear, medium thickness (4.5mm) marks
- Easy and clean application
- Not classified as hazardous according to EC regulation 1272/2008.

APPLICATIONS

Most industrial marking requirements

- Metal working/fabrication
- Machine construction
- Logistics
- Electrical installations
- Civil engineering
- Quality control

DIRECTIONS

- Shake the pen well with the cap on, until the agitator ball moves freely
- Take off the cap and depress the tip several times, against a hard surface or until the paint starts to flow
- Always use in a well ventilated area
- Replace the cap carefully after use and store in horizontal position
- The colour may fade when exposed to high intensity sunlight for an extended period

TECHNICAL DATA

Colour	:	5 colours available: red, yellow, blue, white, black
Flash Point	:	>100°C
Boiling Point	:	>100°C
Packaging	:	12 pens per box

STORAGE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 24 months with correct storage.

HEALTH AND SAFETY

Health and Safety sheet available separately.

TECHNICAL SERVICE

CRC Industries UK Ltd provides a technical support service and maintains a constant programme of research and development. We are able to assist customers by specific product development to meet particular requirements.
