INSOLES WITH EXTREME SHOCK ABSORPTION

Textile Insoles with extreme shock absorption thanks to double shock absorption zones in PORON XRD (ball and heel area). Air holes and channels for good breathability and comfort. Heel support with round heel shape. Optimal fit for shoe model with narrow last. The insoles are ESD approved.

FUNCTIONS

- ESD
- Perforated front section
- Double shock absorption zones
- Approved for use in all JALAS® protective shoes

All values for the specified product are indicated without tolerances and may vary to actual value for individual products. We reserve the right to modify or update the information in this document without prior notice.
