Description

Five degree Ratcheting arc with reversible lever eliminates hand over hand turning. Patented Twist Lock Guide System reduces back walk of die guard. Auto locking feature allows for safe removal of tap adapter. Spring-loaded cap allows for quick-release of large tap adapter. Extension adapters provide access in tight confined areas. Extend the length of tap and die system by combining adapters and any standard 3/8 drive extension. Die adapter works with Pass-Thru Ratchet and Socket System as well as Vortex socket accessories. Works on round and hex shaped dies.
