FAQ 1 QUESTION

What are the key features of SITEH3RO taps?

FAQ 1 ANSWER

SITEH3RO taps incorporate a specialist spiral point design and are designed to eject swarf during threading, extensive testing found using SITEH3RO™ taps with a standard impact wrench produced up to 20x faster than manual hand tapping.

FAQ 2 QUESTION

Why do SITEH3RO tools perform better than competitor products?

FAQ 2 ANSWER

Our SITEH3RO tools incorporate a specialist coating to minimize heat production during cutting; this increases the lifespan of the tools by 75% when compared to uncoated tools.

FAQ 3 QUESTION

What Can SITEH3RO taps be used with?

FAQ 3 ANSWER

SITEH3RO taps are designed for use with specialist SITEH3RO holders in conjunction with an impact wrench, however they are also suitable for use with a 3-jaw drill chuck.
