Chemsol

CSBH-EWA

Boilersuit with hood elasticated wrists and ankles

Chemsol garments are crafted using a softer, more tactile 320gm² EPVC/Polyester fabric, offering both durability and exceptional chemical protection. A lighter and more flexible alternative to traditional PVC garments.

KEY FEATURES

- Ring-pull zip for easy donning and doffing when wearing gloves
- Double storm facing stud closure for increased protection
- Elasticated wrists and ankles ensure a snug and secure fit
- Helmet-compatible hood with elasticated drawcord adjustment
- Elastomised PVC coated polyester for flexibility and comfort
- Stitched and high frequency welded seams
- Garment can be reused if not contaminated or damaged

COLOUR AVAILABLE

Green

MADE IN THE UK

STORAGE AND MAINTENANCE

We recommend storing Chemsol garments in their original packaging, away from UV sources. After use, please follow the care instructions provided on the label. To remove any contamination, rinse the Chemsol clothing with cold water and allow it to drip dry in a shaded area, away from UV sources. It is advisable to store Chemsol clothing in a cool, dry, and clean environment.

NOTE: For hygiene purposes, it is recommended that the garment be worn by the same individual.

CHEMICAL RESISTANCE DATA

For chemical permeation data, please contact our sales department at **sales@globusgroup.com.**
