256GB

Lexar QUALITY LABS

Transfer files with speed and style

The Lexar® JumpDrive® M400 USB 3.0 Flash Drive moves your files faster with high-speed USB 3.0 performance of up to 150MB/s[1] read. The stylish metal and key ring design lets you easily transfer files anywhere, anytime. And, with Lexar DataShield password protection, you can be certain your files will be protected.

Experience USB 3.0 performance. Transfer files faster with USB 3.0 performance. At a performance of 150 MB/s[1], your files will transfer in no time.

Stylish and durable. With the stylish metal casing, the JumpDrive® M400 USB 3.0 Flash Drive has a rugged design for daily use. And with the integrated key ring, you can easily add it to a backpack or bag, making transferring files on the go a breeze.

Protect your files with Lexar DataShield. The JumpDrive® M400 USB 3.0 Flash Drive is secured by Lexar DataShield. This advanced security solution with 256-bit AES encryption[2] helps to protect your essential files against corruption, loss, and deletion.

Compatible with PC and Mac® systems. Compatible with both PC and Mac® systems, the JumpDrive® M400 USB 3.0 Flash Drive allows you to easily store a large number of photos, videos, and documents.

Rigorously tested. All Lexar products undergo extensive testing in the Lexar Quality Labs, facilities with thousands of different cameras and digital devices to ensure performance, quality, compatibility, and reliability.

For more than 25 years, Lexar has been a trusted leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, solid-state drives, and DRAM. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.
