Polyco® SIGMA

BladeShades™

A colourful choice for ultimate protection against cuts & slashes

BladeShades™ is a seamless knitted glove with Dyneema® technology glass fibre, providing maximum cut resistance yet maintaining dexterity and comfort. Food approved and available in four colours, it is perfect for use in the food industry by maintaining hygiene control when dealing with different food types. The ambidextrous design coupled with the fact that it is machine washable up to 95°C considerably extends use, making it excellent value for money. The high cut resistant Dyneema® and glass fibre extends right through to the wrist area providing extra protection. It's elasticated knit wrist ensures that the glove fits securely at all times. The excellent protective qualities and longevity of the BladeShades™ make it the perfect choice of glove for food preparation and handling.

Typically used for:

- Fruit Processing
- Vegetable Preparation
- Meat & Fish Filleting

Case Quantity:

1 glove per polybag
12 gloves per case
