KEEPING YOU SAFE

Cut Resistant

NITREX

Nitrex 340FCD (340FCD*)

double-dipped nitrile · 13 gauge seamless liner · cut resistant level F - maximum cut protection · dual coating · NitreGuard® Technology NitreGrip® Technology

Physical Specifications:

Material: Nylon, HPPE, Steel, Glass, Spandex
Colour: Black / Blue / Black
Coating: Double-dipped Nitrile, Flat and Sandy

Order Codes | Sizing:

340FCD/06 | 6
340FCD/07 | 7
340FCD/08 | 8
340FCD/09 | 9
340FCD/10 | 10
340FCD/11 | 11

Size 06 | XS · Size 07 | S · Size 08 | M · Size 09 | L · Size 10 | XL · Size 11 | XXL

Packaging:

1 pair per polybag
10 pairs per master polybag
6 master polybags per case

Classification:

EN388
4X42F

Food Safe
(except with acidic foods)

UNIGLOVES® NITREX

Features

- Featuring Unigloves NitreGuard Technology
- Featuring Unigloves NitreGrip Technology
- 13 gauge seamless nylon liner with HPPE, encapsulated glass fibre and steel core
- Cut resistant level F
- Dual nitrile coating
- Sandy nitrile palm coating
- Excellent abrasion and tear properties
- Elasticated knitted wrist
- Food approved

NitreGuard® Technology

NitreGrip® Technology

Benefits

- Unigloves NitreGuard Technology is awarded to gloves achieving a high-performance in the straight blade cut test
- Unigloves NitreGrip Technology is a new, advanced surface treatment that provides an assured grip when working in dry, wet or oily conditions. The technology reduces the force needed to grip, reducing hand fatigue
- Light weight seamless, breathable, nylon liner with HPPE, encapsulated glass fibre and steel provides the maximum level of cut protection
- Protects to the maximum EN ISO cut level F (≥30 N), ideal for use in areas with a high level of cut hazards
- The flexible dual nitrile coating consists of a fully coated, flat nitrile base layer providing liquid resistance to the wearer and and full 360° hand protection
- The sandy nitrile palm coating is resistant to oils and grease acting as a physical barrier. In addition, the sandy nitrile gives exceptional grip in dry, wet and oily environments
- The comfortable sandy nitrile palm coating offers maximum abrasion and tear protection whilst maintaining flexibility and dexterity to the wearer
- Elasticated knitted wrist ensures a secure fit and keeps hands free of dust ingress
- Suitable for use in food areas, except with acidic foods
