GS T-1120 RT Dry vacuum cleaner

Rs order No.: ***138-405***

Technical data :

Nominal capacity (max.)	1300 Watt
Volume flow (max.)	53 l/s
Vacuum (max.)	250 mbar
Container Volume (max.)	20 Liter gross 15 Liter dust 8 Liter water
Dimensions (LxWxH)	40 x 39 x 48 cm
Weight	6.7 kg
Power cable lenght	12 m (PVC)
Operating range	15.2 - 16.2 m

IP24

Equiment:

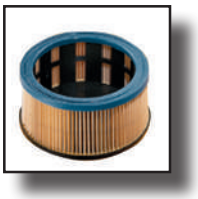
- 20 l-special plastic container with Starmix tangential cyclon principle
- Noise insulated
- 2 big wheels, 2 guide rolls
- carrying handle with cable hook
- storage space for tools and small parts

- 1 x polyester Filter cardridge **FP 3600**
- 1 x paper filter bag **FB 20**

Accessories: RT

Systeme: Ø 35

1 x suction hose (3.2 m)
1 x stainless-steel tube handle
2 x telescope tube
1 x upholstery nozzle
1 x crevice nozzle (22 cm)
1 x floor nozzle, universal



Cellulose Filtercardridge **FP 3600**
(3600 cm^2 filtersurface)
99,8% dust retention

Paper filter bag **FB 20**
double layered
BGIA proofed / Dust class „M“
