LSSU526

Lock insert triangle 7mm

The locking inserts and cylinders can be mounted independently in a swing handle, which means many combinations can be created. This reduces the number of handles to be stocked.

CHARACTERISTICS	
Description	Triangle 7 mm

Item no.: LSSU526
EAN no.: 8713574112643

Technical data

Description: Profile half cylinder locks. To be used in the swinghandles UDH.

Delivery: 1 piece.

Features

Feature: Lock inserts and cylinders for polyester wall mounted enclosure swing handles

Advantage: Different locking inserts and cylinders can be mounted independently within the same swing handle UDH, reducing the required swing handle stock customers need to have.

Benefit: The locking inserts and cylinders limit the access to the enclosure via different key options. Specific locking inserts and cylinders maybe selected based on the specification set by the end user.

Comment: To be used with the standard swing handle of modular polyester wall mounted enclosures or with swing handles, UDH.
