

LEITZ

Leitz IQ OptiMax Small Office 350 Micro Cut Paper Shredder Security P5 22L - White

The Leitz IQ OptiMax small office shredder delivers an innovative, stylish shredding solution designed to provide exceptional document security and peace of mind. This high-security DIN P5 paper shredder effortlessly shreds up to 8x A4 sheets at a time into micro-cut pieces, making it the perfect small shredder for personal and office use. Featuring unique Bin RotationTechnology (BRT), effectively maximising bin capacity by +33%*. The rotating bin ensures flat, even paper distribution, preventing peaks from forming and allowing an additional 90x A4 sheets to be shredded before emptying. Thanks to BRT, there's no need to shake or remove the bin manually — the 'bin full' indicator activates only at 100% capacity. With a generous 22L bin that holds up to 350 x A4 sheets, this shredding machine ensures fewer interruptions. The illuminated blue bin and intuitive LED rotating display provide clear, easy-to-follow alerts such as bin full and door open, keeping shredding simple and efficient. Engineered for modern workspaces, the Leitz IQ OptiMax 350 office shredder is designed specifically for small offices, with ultra-quiet operation that minimizes noise — ideal for shared environments. Its sleek, compact circular design fits easily into tight spaces, blending seamlessly into any office setup. With a 20-minute continuous runtime, this reliable shredding machine ensures seamless document disposal whenever needed. White colour.

*Leitz IQ OptiMax 350 tested with and without bin rotation technology.

Attributes

- Shreds up to 8x sheets of A4 paper (80gsm) in just 8 seconds, into high security P5 micro cut pieces.
- Unique Bin Rotation Technology (BRT) maximizes bin capacity +33%* and significantly reduces mess when emptying.
  *Leitz IQ OptiMax 350 tested with and without bin rotation technology.
- Generous 22L bin capacity holds up to 350x A4 sheets before it needs to be emptied; +33% more capacity compared to no BRT (+90 x A4 sheets).
