Skipper™
Beyond modular connectivity

DATA SHEET

Skipper Unicart

Product code: UNICART-01 (Skipper) UNICART-02 (Q)

Overview

Designed with modularity and beauty, the Unicart takes the humble cleaning trolley far into the future, with its pioneering shape and versatility. It is very sustainable, as it can be used to transport Skipper equipment around a facility, then quickly transform into a janitorial cart. Meaning there is no need to purchase two products, reducing carbon footprint.
