TECHNICAL DATA SHEET

FM35 - Hand-Held Digital Thermometer

The FM35 is a simple to use hand -held food thermometer featuring a large LCD display and rubber On/Off key making it ideal for use in any food environment.

The instrument can be used with an option on probes to include general purpose and air probes for maximum ease of use. These are connected via a simple lumberg plug.

The FM35's protective rubber boot can prevent accidental damage if the instrument is dropped and is an essential part of any busy kitchen.

The FM35 comes complete with a general purpose probe.

Key Features

- ✓ Open probe indication.
- ✓ Lumberg connector.
