ESD connection point – DK 7752.950

created : 26.08.2014 build on www.rittal.com/uk-en

Product description

Description:	Dangerously high potential differences can occur during maintenance or conversion work on the enclosure. To protect sensitive electronic components, this standardised connection point (push-button) provides potential equalisation. The connection point is directly conductively connected to the enclosure frame via two screws.
Material:	Sheet steel
Surface finish:	zinc-plated
Supply includes:	Assembly parts
Packs of:	1 pc(s).
EAN:	4028177325227
Customs tariff number:	73269098

Product features

Weight:	0.04 kg
