# 69 7310

TILSATEC Collide-x® 3

PROTECTED BY KOROYD

## Impact level **3** **Mechanics** glove

| | |
|---|---|
| **Gauge** | 13gg |
| **Colour** | Black/Grey/Green |
| **Cuff Style** | Gusset, Shirred, Slip-On |
| **Length** | 230-270mm |
| **Sizes** | 7-13 |
| **Packaging** | 6 prs inner package / 36prs per carton |

### Features & Benefits

- ANSI/ISEA 138 level 3 impact protection at level 2 bumper thickness
- First application of KOROYD impact technology in hand protection
- Unlike TPR, 2 step damage control system from KOROYD absorbs and redirects energy away from the impact zone
- Unique, first to market (subject to registered design protection) impact bumper design
- 360 degrees cut resistance resulting in EN388: 2016 level F and ANSI 105: 2016 A7 protection
- Robust, reliable mechanical protection from RhinoYarn technology made in the UK
- High grade dual layer synthetic leather suede palm
- Gusset slip on cuff for easy donning and doffing
- Shirred wrist for improved comfort and fit
- Reinforced leather thumb crotch for added durability
- Hi-viz forchettes for increased visibility
- Loop feature to attach to glove clip. Color coded for glove size identification

### Applications / Industries

- Oil and gas
- Automotive
- Mining
- Metal fabrication / Stamping
- Machinery and equipment
- Construction and scaffolding
- Utilities

### Performance

CE

ANSI/ISEA 105-2024: A7 | 3 | 3

EN388: 2016: 4X42FP

EN407:2020: X1XXXX

ANSI / ISEA 138: 3
