COLD PROTECTION

EMG848

Cold protective glove with crinkle latex palm coating

A robust and brightly-coloured grip glove with an insulated liner, designed to protect down to -20°C for short or intermittent contact.

Features

- A robust glove with high resistance to tearing
- Special fibre knitting process results in a super-soft insulated liner
- Crinkle latex palm offers strong grip performances and allows slippery objects to be gripped firmly
- Bright yellow colour for improved hand visibility
- Light cut protection to handle sharp parts
- Contact heat protection up to 250°C / 482°F for a short period (15 sec max)
- Flexible and designed for easy movement extended wear
- Seamless knit helps prevent irritation
