SWIVEL PLATE 100mm BLUE RUBBER TYRE

Product Information :

Pressed steel castors suitable for general light to medium duty industrial or institutional applications. Constructed of a pressed steel body, a nylon wheel and a blue, non-marking rubber trye, these castors are complete with a ball bearing and a swivel top plate fixing. Available with or without a total stop brake.

Features and Benefits
• Nylon wheels with a blue rubber tyre casing for general product hardiness and protection of your flooring
• Ball bearing fitting to provide a full scope of movement and allow you to transport weightier loads than other fixings without impacting mobility
• Available in various sizes and with or without brakes, depending on your requirements

Typical Applications
• For light to medium duty applications in industrial or institutional environments

EAN Code - 5036140260764
