DATA SHEET

100mm Nylon Wheel Swivel Top Plate

Versatile and widely used nylon wheeled castors complete with needle roller bearing wheels. Encased in a black rubber tyre that is cushioned to protect flooring and to ensure a steady ride.

Features and Benefits

- Pressed steel fixings for overall product durability as well as resistance to chemicals and wear and tear
- Needle roller bearing wheels reduce friction for a smoother, easier transportation of your equipment
- Nylon non-marking wheels have the ability to support heavier loads and allow for excellent manoeuvrability
- Tread width: 32mm
- Overall height: 128mm
- Fixing plate size: 105x80mm
- Fixing hole centres dimensions: 77x60 and 80x60mm
- Bolt size: M8
- Load capacity: 150Kg

Typical Applications

- For general medium duty applications in the industrial and institutional settings
