Brand : Atlas Workholders

RUBBER TYRE PRESSED STEEL CTR 250mm

Product Information :

Available in an assortment of sizes, these zinc coated pressed steel centred wheels allow for optimum mobility. With roller bearings and a black, cushioned rubber tyre to ensure a smooth ride and usage. The rubber tyre itself has good resistance to wear and tear and the zinc coated centre allows some protection against corrosion.

Features and Benefits
- Roller bearing wheels to allow for optimum manoeuvrability
- Manufactured from zinc coated pressed steel for product longevity and resistance to general punishment
- Black rubber tyres offer cushioning to protect your moving load and the flooring
- Available in a variety of sizes and specifications to suit individual needs

Typical Applications
- For use in industrial, institutional or domestic settings for making furniture movable

EAN Code - 5036140264625

PRODUCT ATTRIBUTES
