RAIN HOOD, 1250, FIBRE GLASS

CATALOG NUMBER

URH12532

A polyester rain hood provides shelter via a sloped roof and protects installed components from accumulated water dripping into the enclosure when the door is opened.

FEATURES

Description: Extra protection for outdoor use. Ventilation holes can be drilled in the top of the enclosure. When mounted, the enclosure's degree of protection is IP 44.

Material: Glass fibre reinforced polyester.

Finish: RAL 7035.

Delivery: 1 piece with mounting accessories.

Mounting requirements: Rain hoods require special wall mounting brackets UWB02. Four fixing points for securing the rain hood are marked off in the top panel. The rain hood cannot be used when the enclosures are joined, some combinations are available on request. Machining is required.

Rain hoods are not compatible with combined enclosures

If the enclosure is to be mounted to a wall, the wall mounting brackets, UWB02, must be used

When the rain hood is mounted, the enclosure's protection degree is IP44
