Date: 23/01/2024

PSM01 0.5 ... 8 bar G 1/4 B acc. to ISO228-1

pressure switch mechanical model PSM01

Item number:	14068611		
Quantity:	1 pcs.		
Order code:	PSM01-11-30B0320-P131Z-Z-1ZZZ-ZZZZZZ1	1	AZZZ

Overview:

PSM01 0.5 ... 8 bar G 1/4 B acc. to ISO228-1
Maximum system pressure: 60 bar
Material process connection: steel galvanised
measuring principle: Membrane
Diaphragm material: NBR -20 …80 °C
Case material: steel galvanised
Switching function: SPDT
Adjustable
switching capacity: acc. to Datasheet
Electrical connector: FASTON 3*6,3*0,8
Restrictor: without
Certificates: without
Type of packaging: single/multiple packaging (from 10 piece) acc. to order quantity
Packaging instruction see: 14378445
Specifications according to data sheet: PV 34.81

Details:

pressure switch mechanical model PSM01
Specifications according to data sheet: PV 34.81
Packaging instruction see: 14378445
measuring principle: Membrane
Material process connection: steel galvanised
Case material: steel galvanised
Switching function: SPDT
Process connection WN02.062: G 1/4 B acc. to ISO228-1
Diaphragm/sealing material: NBR
Electrical connector: FASTON 3*6,3*0,8
Certificates: without
Setting of switching point: Adjustable
switching capacity: acc. to Datasheet
Type of packaging: single/multiple packaging (from 10 piece) acc. to order quantity
Restrictor: without
Unit: bar
Setting range: 0.5 ... 8 bar
Maximum system pressure: 60 bar
