DIMMER 9-48V AC, LED- 96W WITH PUSH-BUTTON SWITCH POLAR WHITE GLOSSY, INTEGRO FLOW, NO CONTACT

AC dimmer in kit with a Berker Integro push-button switch for use with incandescent, halogen or LED lights with external driver.

Universal push-button switch dimmer for universal load compatibility. The units utilise powerful and sophisticated dimming technology to provide full control of almost any type of load. The dimmer also incorporate overcurrent and over-temperature protection devices and are capable of withstanding persistent short circuit conditions.

Accurate and flicker free dimming to very low intensity.

Press dimmer switch once to turn on or off. The dimmer has memory function and returns to previous dimming when turned on.

Press and hold switch to dim up or down and release at desired level.

230VAC, 125W (0.5A), 50Hz, IP20

Temperature range: -5 - + 45° C

Measures: 36 x 36 x 12 mm

Cable lengths: 60 mm

EMC CISPR 15 (2018-05 ED.9.00), IEC 61547 (2009)

Safety: IEC 60669-1: 2017, IEC 60669-2-1: 2015

CE/EU Conformance Directive 2014/35/EU, Directive 2014/30/EU
