

Post & base cap

Product code: Post05

Overview

When a barrier solution is not needed, this cap can give the Skipper post & base system a more complete look and also provide an alternate aesthetic. Simply affix the Skipper A4 sign holder to the top to provide an effective signage system. The cap is also designed to be used with the Skipper road cone.

Product Specifications

Width: 90mm 3.5’	**Height:** 150mm 5.9’
Depth: 90mm 3.5’	**Weight:** 205g 7.2oz

Key selling points

- Povides an alternate aesthetic to the Skipper post or Skipper road cone
- Attach a Skipper A4 sign holder to the post or cone without the need for a Skipper unit or Dummy unit

Key features

- Uses a secure, snap-fit to securely attach to the Skipper post or road cone
- Available in a choice of colours to match the stock Skipper colours (custom colours available upon Arequest)

The post cap attaches is designed to attach to both the Skipper post and the Skipper road cone

Available colours
