COMPACT SPLITTERS

Male/female pair splitter

Our pair splitters modules are directly attached to RJ45 wall outlet in vertical position fully compatible with 22.5x45 mm format. Easy unlocking.
Size : D = 48 H = 37 W = 14 (mm).

Designation	Reference
Pair splitter with 1x RJ45 plug and 2 x RJ45 unshielded female outputs	**DPM88xx***
Pair splitter with 1 x RJ45 plug and 2 x RJ45 shielded female outputs	**DPMB88xx***

Please indicate the corresponding cabling index at the end of the reference - see cabling index schemes below.

Female/female compact pair splitter

1 female input and 2 female outputs built in. Suitable to solve potentiel distance problems between wall outlet and work area. Wall outlet connexion made with a standard male/male patch cord with desired length.
Size : D= 53 H= 42 W= 20 (mm).

Designation	Reference
Pair splitter with 1 x RJ45 unshielded jack input and 2 x RJ45 unshielded jacks outputs	**DPF88xx***
Pair splitter with 1 x RJ45 shielded jack input and 2 x RJ45 shielded jacks outputs	**DPFB88xx***

Please indicate the corresponding cabling index at the end of the reference - see cabling index schemes below.

PAIR SPLITTERS - EXTENSION CABLE

CAT 5E RJ45 male/female pair splitter

Our patch cords are made with round Cat 5E cable, 250 mm length with molded RJ45 plug and two RJ45 female outputs box splitter.

Designation	Reference
RJ45 splitter extension with 2 x RJ45 unshielded female outputs	**DBF88 xx***
RJ45 splitter extension with 2 x RJ45 shielded female outputs	**DBFB88 xx***

Please indicate the corresponding cabling index at the end of the reference - see cabling index schemes below.
