

AKP 18-600 AS

Cordless sealant gun

Powerful and flexible cordless sealant gun for rapid and precise application of sealing materials and adhesives of various viscosities and for filling gaps.

Product number: 7 146 01 61 00 0

Details

- With a maximum compressive force of 3500 N and a no-load feed of up to 8 mm/s, the powerful motor guarantees rapid work progress – even when working with particularly viscous materials.
- It's never been so easy to work accurately: thanks to 9 speed settings, a manual trigger and a continuously variable ejection speed, the material flow can be regulated ideally in no time at all.
- The automatic return function (no drip function) allows the pressure to drop when the trigger is released and the gear rack to retract, thereby preventing the used material from dripping or escaping.
- Quick, tool-free switch between cartridges and plastic bags.
- Optimum utilisation of material as it is virtually all pressed out.
- Constant flow of sealant and reduced bubble formation.
- Electronic Cell Protection (ECP): ECP protects against overload, overheating and total discharge.
- The COOLPACK technology ensures a longer battery life and therefore makes long operating periods possible.
- The battery charge can be read off the battery.
- Compatible with AMPShare/Bosch Professional 18 V batteries.

Technical data

TECHNICAL DATA

Battery voltage	18 V
Battery compatibility	Li-ion / ProCORE Li-ion
Battery interface	18 V AMPShare
Maximum compressive force	3 500 N
Capacity, cartridge	310, 400 ml
Capacity, foil pouch	300, 400, 600 ml
Feed speed	7 mm/sek
Width	255 mm
Length	635 mm

VIBRATION AND SOUND EMISSION VALUES

Sound pressure level LpA Uncertainty of measured value KpA	70 dB 3 dB
Sound power level LWA Uncertainty of measured value KWA	80 dB 3 dB

Height	80 mm
Weight without storage battery	2.20 kg

Application examples
