18G Cut D Sustainable Nitrile Palm No Glass/No Steel Gloves

These sustainable nitrile palm coated no glass/no steel gloves from the Halo® PPE range have been designed with comfort and performance in mind. Halo® products are manufactured to suit a diverse workforce and ensure everyone is protected. By choosing Halo® you are supporting worthwhile charities including Mind for Mental Health and The Diversity Trust. Where possible, single-use plastic bags have been removed from Halo® packaging to reduce our impact on landfill and on the environment.

These gloves are designed for use in automotive, construction, maintenance, and warehouse environments, offering exceptional performance in cold and oily conditions. The liner, crafted from HPPE, Spandex, and 36% recycled polyester, ensures comfort and flexibility, while also supporting sustainability. With a nitrile palm coating, these gloves provide a strong grip, oil resistance, and durability, making them ideal for handling slippery materials. Featuring Cut D resistance, they protect against sharp edges while maintaining great dexterity for detailed tasks. Available in multiple sizes, these gloves offer a reliable and eco-friendly solution for a wide range of users and applications.
