Junction box with multi-functional bracket – DK 7280.035

created: 27.04.2021 build on www.rittal.com/uk-en

Product description

Description:	The angle bracket can be installed in all network enclosures in a system-compatible design. The junction box serves as a transfer point for the power supply to all equipment (fans, lights and socket strips). As well as being used as a junction box or interchange point, the bracket may also accommodate the thermostat (SK 3110.000) or the hygrostat (SK 3118.000) thanks to its integral holes.
Material:	Sheet steel
Colour:	RAL 7035
Supply includes:	1 bracket 1 junction box 6 m connection cable 3 x 1.5 mm² (flexible)

Product description

Packs of:	1 pc(s).
Weight/pack:	0.89 kg
