DATASHEET

13G Cut D 3/4 Latex Coated Winter Gloves

These latex coated winter gloves from the Halo® PPE range have been designed with comfort and performance in mind. Halo® products are manufactured to suit a diverse workforce and ensure everyone is protected. By choosing Halo® you are supporting worthwhile charities including Mind for Mental Health and The Diversity Trust. Where possible, single-use plastic bags have been removed from Halo® packaging to reduce our impact on landfill and on the environment.

These gloves are designed to excel in demanding, cold environments such as construction, transportation, and warehouse tasks. The liner, crafted from a blend of HPPE, glass fibre, acrylic, and polyester, offers exceptional comfort and thermal insulation to keep hands warm during tough conditions. The fully coated latex construction ensures a strong grip and enhanced durability, delivering reliable performance even in wet or icy environments. With Cut D resistance, these gloves provide protection against sharp edges while maintaining flexibility and dexterity. Available in a range of sizes, they offer versatile protection suited to various users and challenging work settings.
