InspectorCamera XXL(7,9 mm; 5 m)

Camera unit for VideoInspector with practical mirror, magnet and hook attachments - Long design ideal for use at long distance

This camera unit is suitable for the VideoInspector base unit and enables precise problem localisation behind or in objects, walls, pipes and cavities. Thanks to the long design, it is ideal for long-distance uses. The camera head and probe are waterproof and resistant to diesel, petrol, motor oil, AdBlue®, ethanol and sea water, making it suitable for a wide variety of uses. The 8 high-performance LEDs ensure excellent object lighting. Magnet, mirror and hook attachment for mounting on the camera head allow difficult to reach objects to be pulled/lifted
