DATASHEET

18g Cut D Sustainable PU Palm No Glass/No Steel Gloves

These sustainable PU palm no glass/no steel gloves from the Halo® PPE range have been designed with comfort and performance in mind. Halo® products are manufactured to suit a diverse workforce and ensure everyone is protected. By choosing Halo® you are supporting worthwhile charities including Mind for Mental Health and The Diversity Trust. Where possible, single-use plastic bags have been removed from Halo® packaging to reduce our impact on landfill and on the environment.

These steel and glass free gloves are designed for automotive, maintenance, construction, and warehouse applications, excelling in cold environments. The liner, made from HPPE, Spandex, and 36% recycled polyester, ensures excellent comfort, flexibility, and eco-consciousness. With a PU palm coating, these gloves deliver a strong grip and reliable durability for tasks requiring precision. Featuring Cut D resistance, they provide robust protection against sharp objects while maintaining exceptional dexterity for detailed work. Ideal for professionals seeking safety, comfort, and sustainability, these gloves are available in various sizes to accommodate a range of users.
