DATASHEET

Disposable Hooded Coverall, Microporous Type 5 & 6, White

These Type 5 and 6 Micro-Porous Hooded Coveralls from the Halo® PPE range have been designed with comfort and performance in mind. Halo® products are manufactured to suit a diverse workforce, and ensure everyone is protected. By choosing Halo® you are supporting worthwhile charities including Mind for Mental Health and The Diversity Trust. Where possible, single-use plastic bags have been removed from Halo® packaging to reduce our impact on landfill and on the environment.

These splash-resistant, long-sleeved overalls from Halo® are designed to meet safety standards against a wide range of contaminants. Lightweight and comfortable for prolonged wear, the micro-porous material weighs just 65gsm, making these coveralls ideal for hot and humid working environments.

Features and Benefits

- Easy to use, non-woven disposable coveralls provides wearer comfort in warmer settings
- Resilient laminated microporous material with inside stitching for durability
- Elasticated hood, cuffs, back and ankles for quick and secure usage
- 2-way zip design at the front with 1-ply adhesive tape storm-flap for convenience
- A zip up to the neck to above the chin to protect exposed neck areas
- Anti-static and liquid-repellent protection against a wide range of contaminants
- Flexible diamond crotch gusset to improve movement
- Available in inclusive sizing from small to 4XL to suit a diverse workforce
