DATASHEET

Women's Metatarsal Safety Boots, Black

These Women's Metatarsal Safety Boots from the Halo® PPE range have been designed with comfort and performance in mind. Halo® products are manufactured to suit a diverse workforce, and ensure everyone is protected. By choosing Halo® you are supporting worthwhile charities including Mind for Mental Health and The Diversity Trust. Where possible, single-use plastic bags have been removed from Halo® packaging to reduce our impact on landfill and on the environment.

These metal-free safety boots provide lightweight and comfortable wear. Poron XRD® technology and a composite toecap protect the top of the foot against impact without weighing down the wearer and still allow for flexibility and movement.

Features and Benefits

- Padded mesh collar and tongue provide comfortable wear and protect against friction injuries
- Manufactured from resilient materials for product longevity
- Composite toe-cap protects against impact up to 200J
- Action leather water-resistant upper helps to keep feet dry in wet conditions
- Contact heat-resistant polyurethane and rubber sole prolongs the product service life
- Composite midsole keeps feet warm
- Poron XRD® allows for flexible movement and protects the metatarsal bones against impact
- Metal-free for lightweight protection
- Available in varying sizes to suit your needs
- Supplied with a spare pair of laces for convenience
