

26 Piece SAE/Metric Ball End Long Arm Hex Key Set

83505

Features

- Keys made with alloy steel for maximum strength and to resist rotational distortion
- Chamfered edges on both ends help guide the key into the fastener smoothly and quickly
- Ball end design provides greater access, increasing entry angle to 25 degrees
- Short or long side can be used, providing better access and speed in all situations
- Sizes clearly marked on caddy for easy identification
- Meets or exceeds ASME standards.
- Includes caddies that can be linked together for storage and organization

Specifications

- ASME Specification : Meets or Exceeds
- Number of Keys : 26
- Ball End : Yes
- Overall Length : 7.0
- Size : 0.05 in 1/16 in 5/64 in 3/32 in 7/64 in 1/8 in 9/64 in 5/32 in 3/16 in 7/32 in 1/4 in 5/16 in 3/8 in 1.5mm 2mm 2.5mm 3mm 4mm 4.5mm 5mm 5.5mm 6mm 7mm 8mm 9mm 10mm
- Packaging : Carded
- Weight (Catalog) : 2.183
- Warranty : Full Lifetime
- Length Format : Long Arm
- Set Size Range Min : 1.5mm0.05 in
- Magnetic : No
- UPC : 099575835056
- Set Size Range Max : 10mm3/8 in
- Included Storage : Plastic Caddy
- Set Piece Count : 26
- Material : Alloy Steel
