ARF06040R5

Rain hood | Wall Mounted Enclosures

CONNECT AND PROTECT

A mild steel rain hood provides shelter via a sloped roof and protects installed components from accumulated water dripping into the enclosure when the door is opened.

W	600
D	400
Weight_ (kg)	5.35
Item no.	ARF06040R5

Description: To be fitted as an outdoor shelter on single mounted enclosures. The roof is slightly sloped and has a dripstrip. Machining is required. It increases the enclosure dimension in H:60 mm, D:20 mm and W:20 mm.

Material: 1.5 mm mild steel.

Finish: RAL 7035 structured powder coating.

Pack quantity: 1 rain hood with mounting accessories.

Additional information: For exposure to high levels of UV radiation, the ARF should be ordered with 100% polyester paint coating. An additional corrosion protection primer coating is recommended for humid environments. Resistance to corrosion must be taken into consideration for outdoor and indoor applications. The ARF is not compatible with 180º MMH hinges.
