24-inch 16:10 Anti-Blue Light Filter, BlueLight Screen Filter for 24in Computer Monitor, Reduces Eye Strain, Dual Mounting Options, TAA Compliant

Product ID: 2461-ANTI-BLUE-LIGHT

This TAA compliant anti-blue light filter is designed to work with computer monitors with a 24-inch 16:10 display.

This blue light reduction shield reduces eye strain and improves visual comfort by reducing high energy blue light emitted from the display within the 390-440nm spectrum. Symptoms of digital eye strain, such as headaches, dry eyes, and blurred vision, can be reduced by using a blue-light filter.

This blue light screen protector adds a durable protective film to the monitor which helps shield the screen from wear and tear including scratches, fingerprints, and dust.

The blue light filter offers flexible dual mounting options. Affix the bluelight filter to bezel-less displays using the transparent and residue-free adhesive strips. Alternatively, use the side mount tabs to install the screen filter on displays with bezels. The latter is recommended when frequent removal is required.

Certifications, Reports and Compatibility

Applications

• Keep classified information, intellectual property or other important data out of sight

• Protect your monitor against scratches, fingerprints, & dust

• Ideal for open-plan office spaces, hot desks, finance & banking, healthcare, government/education and commercial applications

Features

• BLUE LIGHT REDUCTION: Minimizes digital eye strain when working for extended periods of time by reducing high energy blue light within the 390-440nm spectrum; Light transmittance of 90% for improved screen readability

• HASSLE-FREE APPLICATION: Included adhesive strips to install the screen protector on bezel-less/slim bezel displays or use the mounting tabs for monitors with raised bezels; Includes a wiping cloth for cleaning the screen before installation

• COMPATIBILITY: Blue light screen filter is designed to fit 24-inch diagonal widescreen computer monitors with a 16:10 aspect ratio; Bluelight filter dimensions: 20.4x12.8in (518x324mm)

• DURABLE & VERSATILE: Screen protector/shield offers a flexible dual mounting option that fits various monitor bezels; It adds a durable protective film to the monitor that protects against scratches, fingerprints, and dust

• THE IT PRO'S CHOICE: Designed and built for IT Professionals, this TAA compliant blue light blocking monitor cover is backed for two-years, including free lifetime 24/5 multi-lingual technical assistance

Hardware		
	Warranty	2 Years
