KENNEDY®

DATA SHEET

QUALITY INDUSTRIAL TOOLING

HSS All Hard Hacksaw Blades

Fully hardened for extra long tooth life and maximum straightness of cut.

- Width: 12.5mm (1/2")
- Thickness: 0.63mm (0.025")
- Pack of 5
- BS 1919:1-1993

TP 18: suitable for section width up to 13mm (up to 1/2”)

TP 14: suitable for section width 6 to 19mm (1/4”to 3/4”)

TP 10: suitable for section width 8 to 25mm (5/16” to 1”)

TP 6: suitable for section width 13 to 38mm (1/2” to 1-1/2”)

TP 4: suitable for section width 19mm and above (3/4” and above)

Note: because blades are relatively thin, they should be used only on light machines

Blade Length	TPI	Order Code
10"	18	KEN-040-3510K
10"	32	KEN-040-3630K
12"	14	KEN-040-3750K
