QUALITY INDUSTRIAL TOOLING

11 Piece Variable Pitch Holesaw Kit

KEN-050-2500K

Tradesman's Compact Kit

Featuring high quality bi-metal HSS steel holesaws with hardened cutting edges.

- Variable pitch: 4 to 6 teeth per inch
- Max. cutting depth: 28.5mm
- For producing high quality holes in wood, steel, brass, bronze, cast iron, aluminium and plastic
- Supplied in a handy storage tube

Kit contents:

1x each 16, 19, 20, 22, 25, 30, 32, 38 and 51mm holesaw

1x each K1 and K10 arbor with pilot drills

Notes

Cuts up to 40% faster then constant pitch saws. The varying tooth pitch gives substantial reductions in noise by disrupting harmonics produced when sawing materials such as tubing, angle etc.
Improved swarf clearance is also achieved requiring less effort to complete each cut.
Tooth life is greatly extended, as is battery life when used with a cordless drill.
