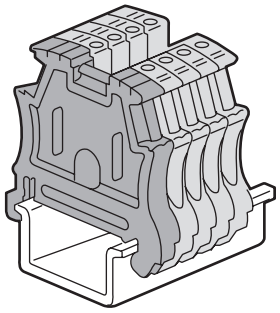
Viking 3
End stops

Cat. Nos: 375 10/11/12/13



1. GENERAL CHARACTERISTICS

The Viking 3 end stops fitted at the ends of the blocks enables a perfect coherence of the terminal blocks.

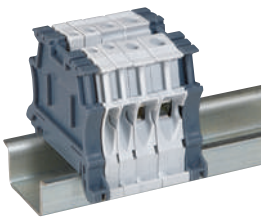
2. RANGE

Cat. Nos	375 10	375 11	375 12	375 13
Pitch (mm)	6	8	10	12
For rails	Depth 15 mm EN 60715 - Depth 7.5 mm(*) and 15 mm			
				EN 60715
Fixing	Without screw	With screws		

(*)Except end stop Cat. No. 375 12 fixed on plate.

➞ Cat. No. 375 10
Screwless mounting for the end stop Cat. No. 375 10.

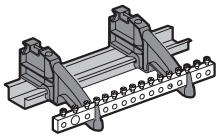
The end stop Cat. No. 375 10 can also be used as an end cap for Viking 3 screw connection blocks with 1 entry / 1outlet and pitch from 5 to 10 mm.



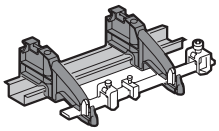
2. RANGE *(continued)*

➞ Cat. No. 375 12
End stop Cat. No. 375 12 is used to support a protection or shielding bar.

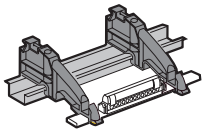
Brass bar



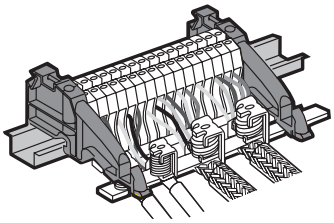
Copper bar with or without clamps



Steel bar with IP 2X terminal strip



Bar with shilding clamps.

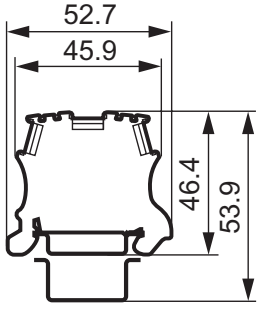


3. TECHNICAL CHARACTERISTICS

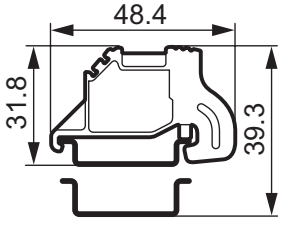
Tightening torque: 1.4 Nm max. (screwdriver blade Ø 4 mm).
Dark grey polyamide V2 according UL 94.
Self-extinguishing: 650°Cat. No. 375 11/12 - 960°C Cat. No. 375 10/13 according to IEC EN 60695-2-11.

4. DIMENSIONS

Cat. No. 375 10

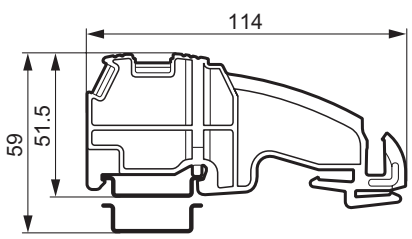


Cat. No. 375 11

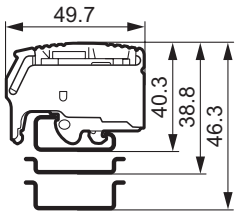


4. DIMENSIONS *(continued)*

Cat. No. 375 12



Cat. No. 375 13

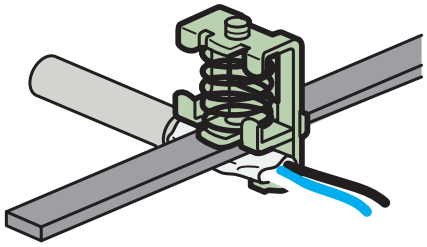


5. ACCESSORIES

5.1 Bar for end stop Cat. No. 375 12

Cat. No	Designation
373 00	Brass bar: length 416 mm, section 12 x 6.5
373 01	Brass bar: length 456 mm, section 12 x 6.5
373 02	Copper bar: 12 x 4 mm with clamps
373 49	Non perforated copper bar: 12 x 4 mm
373 89	Copper bar with tapped holes: 12 x 4 mm
048 19	Steel flat bar 12 x 2 mm for IP 2X terminal block
375 34	Shielding bar: 10 x 3 mm - Steel

The shielding clamps Cat. Nos 375 30/31/32 enable to realize a shielding terminal with the bar Cat. No. 375 34.



5. ACCESSORIES *(continued)*

5.2 Marking

End stop Cat. Nos	375 10	375 11	375 12	375 13
Number of marking areas	3	1	2	2

➞ Label holder Cat. No. 395 96
Fixing on end stops Cat. Nos 375 10/11.
With variable angle.
Transparent polycarbonate.
Supplied with label 32 x 9.5 mm.
Accept the label for engraving Cat. No. 395 97.

➞ Duplix label holder Cat. No. 384 91
Fixing on end stop Cat. No. 375 13
Can be labelled, after cutting out the upper divider.

➞ CAB 3 markers (international colour code digits, letters, conventional symbols).

Terminal block marking capacity:
- 4 x CAB 3 markers - 0.15 to 0.5 mm² - up to 7 markers with marker holder Cat. No. 383 92.
- 4 x CAB 3 markers - 0.5 to 1.5 mm² - up to 6 markers with marker holder Cat. No. 383 92.

(3 markers for the end stop 375 10).

➞ Pre-printed markers
Provided as pre-cut plates.
Pitch from 5 to 8 mm.
Digits and numbers,
Horizontal and vertical reading.

➞ Blank markers Cat. Nos 395 00/01/02
Provided as pre-cut plates.
Pitch from 5 to 8 mm.
Manual permanent marking
with black felt-tip pen Cat. No. 395 98
or digital marking thanks
to the Logicab 2 plotter kit.

➞ Blank markers Cat. Nos 387 43/44
Fixing on end stop Cat. No. 375 10.
Provided as pre-cut plates.
Pitch from 5 to 6 mm.
Digital marking thanks
to the Logicab 2 plotter kit.
