ASSEMBLY INSTRUCTIONS

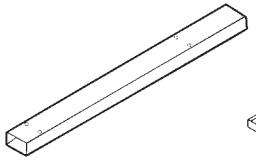

SAFETY GUIDELINES

Due to the weight of this piece of equipment, it is necessary to employ two people in building and manoeuvring the work bench.

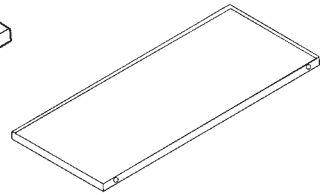

BOX CONTENTS

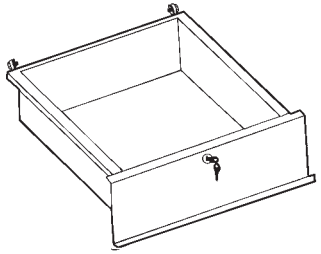

Bench top (1)

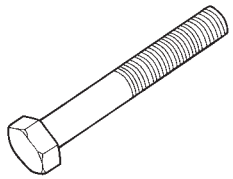

Bench Legs (4)

Shelf (1)

Drawers (2)

M8x55 Bolts (24)

M8 Nuts (24)

ASSEMBLY INSTRUCTIONS

Tools required: Two combination spanners, sizes 13mm and 14mm.

1. Position the work bench top face down on a solid surface, allowing yourself plenty of room to assemble the bench. Attach the bench legs using four bolt and nut combinations per leg (see Fig 1).

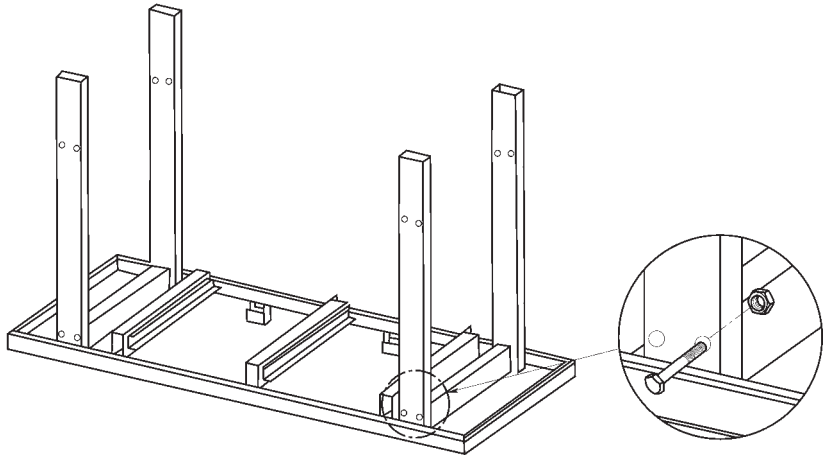

Figure 1

2. Fit shelf unit in position using two bolt and nut combinations per corner.
Do not attempt this operation single handedly.

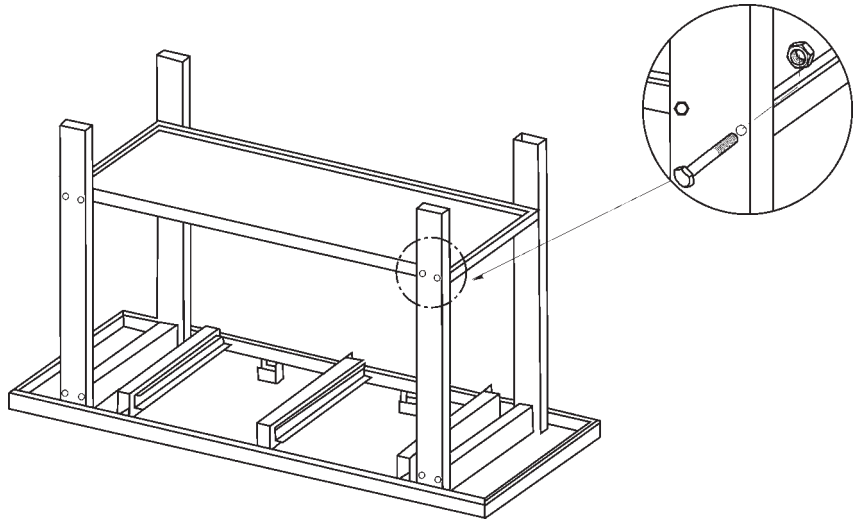

Figure 2

3. Slide the drawers into the drawer housings beneath the work top.
If it is necessary to remove the drawer at any time, locate the drawer retaining mechanism under the bench top and push it upwards, while gently sliding the drawer forward. **Take care not to trap your fingers when sliding the drawer forward.**
